Dienstag / Mittwoch 05.01./06.01.:

Prepare an English audio guide for tourists who visit Berlin...

Look again at your notes: Before Christmas you wrote down what you like about Berlin, where kids like to go in Berlin and the five places you think are the most interesting.

Choose one place, location or a sight. Collect information about this place. You can ask your friends. You can use the internet or ask the tourist information.

Write down a list with bullet points (=Stichpunkte) in your folder.

Need help?

Look in your textbook on page 62. Look at „Step 2“. There you see an example.
Look in your textbook on page 214 to get vocabulary about sights. See also page 208 (top) for more words on places.
